

# Quick Start Guide

## TC ELECTRONIC POLYTUNE 2 MINI/NOIR

**Display** - Pick one string for single string tuning or strum all the strings for polyphonic tuning.

**Tuning mode** - Select between standard "E" or one of the dropped tuning or capo modes. Press and hold to switch between chromatic and strobe mode.

**Power** - Connect a 9 V / >40 mA power supply.

**Output**

**Footswitch** - Turns the tuner on and off. Engaging the tuner mutes the output signal. Press and hold the footswitch to toggle between standard and drop-D tuning.

**Input**
